Book Discussion Group

2nd or 3rd Sunday of the month, following the Sunday Service.

Books are chosen by the members who also facilitate the discussion. Emphasis is on novels and non-fiction with social or spiritual content. Books to be discussed this term are:

January 17 - *The Elegance of the Hedgehog* by Muriel Barbery

In a bourgeois apartment building in Paris, we encounter Renée, an intelligent, philosophical, and cultured concierge who masks herself as the stereotypical uneducated “super” to avoid suspicion from the building’s pretentious inhabitants. Also living in the building is Paloma, the adolescent daughter of a parliamentarian, who has decided to commit suicide on her thirteenth birthday because she cannot bear to live among the rich. Although they are passing strangers, it is through Renée’s observations and Paloma’s journal entries that *The Elegance of the Hedgehog* reveals the absurd lives of the wealthy. That is until a Japanese businessman moves into the building and brings the two characters together.

February 14 – *The Life You Can Save: Acting Now to End World Poverty* by Peter Singer - Part plea, part manifesto, part handbook, this short and surprisingly compelling book sets out to answer two difficult questions: why people in affluent countries should donate money to fight global poverty and how much each should give. Singer doesn’t ask readers to choose between asceticism and self-indulgence; his solution can be found in the middle, and it is reasonable and rewarding for all.

March 21 – *Outcasts United* by Warren St. John - Clarkston, Georgia, was a typical Southern town until it was designated a refugee settlement center in the 1990s, becoming the first American home for scores of families in flight from the world’s war zones—from Liberia and Sudan to Iraq and Afghanistan. Suddenly Clarkston’s streets were filled with women wearing the hijab, the smells of cumin and curry, and kids of all colors playing soccer in any open space they could find. The town also became home to Luma Mufleh, an American-educated Jordanian woman who founded a youth soccer team to unify Clarkston’s refugee children and keep them off the streets. These kids named themselves the Fugees. Set against the backdrop of an American town that without its consent had become a vast social experiment, *Outcasts United* follows a pivotal season in the life of the Fugees and their charismatic coach.

Sunday Matinée Movie Following Sunday service

As many Don Heighters love movies, we indulge their passion by scheduling movie events throughout the year. Bring a bag lunch or we’ll get take out and eat together before/during the movie.

January 4th *Lemon Tree* Salma Zidane, a 45 year old widow from a small Palestinian village in the West bank, finds herself at war with the Israeli Minister of Defense over her lemon grove. This highly rated movie is positive, personal and offers an understated, though-provoking vision of the West bank troubles.

February 28th *The Reader* tells the story of Michael Berg who, one summer when he is 15, meets a woman twice his age called Hanna Schmitz, with whom he begins an affair. Because it asks rather than answers questions, we can consider it from so many angles. For all of his youth and inexperience, the boy taught Hanna much more than she could ever teach him ~ not to be missed !

March 14th **Wendy and Lucy** ~ the story of Wendy (Michelle Williams), a down-on-her-luck girl who's hoping to turn things around for herself with a summer job at a fishing cannery in Alaska. She makes the trek from Indiana to Alaska in her beat-up Honda, accompanied only by her dog, Lucy. The script is small and emotionally intimate, capturing small, very human moments, bringing the story of Wendy to life with restraint and beauty.

Greening Our Spaces

Sunday February 21 12:45 pm. Bring a brown bag lunch

Facilitated by Katherine Vansittart

In this workshop, participants focus on aspects of daily life, such as food, home, church and explore how they may make small but significant changes and apply their spirituality in practical ways in order to reduce energy consumption and help care for the planet.

The goals of the session include:

Exploring how “greening” sacred spaces is relevant to this faith community; the relevance of “greening” to our way of life; the connection between our faith and the health of the Earth; how our beliefs become concrete in our behaviour; possibilities to make our homes, lives, and sacred spaces greener; creating an action plan to begin making changes.
